WI FI GUYS, LLC TEAMS WITH COASTAL HOTEL GROUP

*Wireless High – Speed Internet Access Will
Now Be Available in Many Coastal Hotels*

Finland, MN, September 29, 2003- Wi-Fi Guys, LLC a provider of managed hotspot solutions for hotels and public facilities, has reached an agreement with Chicago based, Coastal Hotel Group to provide wireless hi speed internet (Wi-Fi) in their lodging properties. Coastal Hotel Group, a Chicago - based hotel Management Company has more than 14 luxury hotels totaling 1,600 rooms across the US and Caribbean.

Business travelers simply obtain a password from the hotel's front desk or pay for the service by credit card, based on the individual hotels policy. The guest then logs on and begins surfing. Wi-Fi Guys service may be used with laptops or PDA's as long as a wireless card or Centrino chip is provided in their notebook.

"We are thrilled to be able to provide high-speed Internet access to our guests – especially our business travelers," says Graham Hershman, Chief Operating Officer of Coastal Hotel Group. "We recognize the importance of keeping our guests connected to their business and Wi-Fi Guys provides this service with a fast, efficient connection at a low cost." Graham goes on to say that Wi-Fi Guys ability to reduce telecom costs was also a major factor in their selection.
